EDUCATION

Robert Morris University, *Bachelors Of Science*
Software Engineer

Sep 2021 – May 2025 | Moon Township

PROFESSIONAL EXPERIENCE

Bridgeway, *Full Stack Developer*

Feb 2026 | Corapolis, PA

- Develop and enhance web applications using JavaScript, HTML/CSS, SQL, JSON, jQuery, and ColdFusion, focusing on scalability, performance, and user experience.
- Collaborate with stakeholders and end users to gather requirements, conduct testing, and deliver high-quality application solutions.
- Implement modern UI/UX design principles to improve usability and overall application efficiency.
- Write clean, maintainable, and well-documented code while following best practices in object-oriented programming (OOP) and application design.
- Troubleshoot, debug, and resolve application issues and bugs to ensure optimal performance and reliability.
- Participate in the full software development lifecycle (SDLC), including planning, development, testing, and deployment of web-based applications.

Sil4 Systems, *Software Engineer Intern*

May 2024 – Aug 2024 | Pittsburgh, PA

- Updated and maintained websites by integrating new features and optimizing content for improved performance and user experience.
- Worked on various projects using C/C++, contributing to software development and problem-solving tasks.
- Designed and implemented innovative solutions to enhance the functionality of web-based systems.

PROJECTS

YesClue, *Angular, HTML/CSS, JavaScript/TypeScript, Node.js, and MongoDB, and DigitalOcean*

YesClue is a platform where users can upload their projects, share their work, and receive valuable feedback.

Financial Management System, *C++*

Developed a comprehensive application designed to simulate banking operations and manage personal expenses.

SKILLS

Programming Language: Java | C++ | Python | JavaScript

Web Development: ColdFusion | Angular | HTML | CSS | JQuery

Backend & Databases: Node.js | SQL | MySQL | MongoDB

Concepts & Tools: AI | OOP | REST APIs | UI/UX Design | SDLC | Debugging & Troubleshooting | GitHub | Linux
